

APPENDIX A

Office of the Inspector General, Audit Division Analysis and Summary of Actions Necessary to Close the Report

Department of Justice management was provided a draft of the Independent Auditors' Report on Internal Control over Financial Reporting, and their comments on the findings and recommendations were considered in preparing this Analysis and Summary of Actions Necessary to Close the Report. Since Department management concurred with all of the recommendations, this report is being issued as resolved. We will continue to review the actions taken during future financial statement audits in order to assess whether the findings have been adequately addressed and recommendations implemented. Depending on the recommendation, it will be closed either when the action requested is completed or subsequent audit testing confirms the adequacy of corrective actions.

Internal Control Recommendation Number:

1. **Resolved.** This recommendation can be closed when subsequent annual financial statement audit testing confirms that the components have submitted and implemented corrective action plans that focus on correcting deficiencies in access controls, application change controls, segregation of duties, and system software weaknesses discussed in the component auditors' reports on internal control over financial reporting. The corrective action plans should also include a timeline that establishes when major events must be completed. The Department's CIO should monitor the components' efforts to correct deficiencies, hold them accountable for meeting the action plan timelines, and ensure the corrective actions are implemented adequately to address the noted deficiencies.
2. **Resolved.** This recommendation can be closed when subsequent annual financial statement audit testing confirms that the Department monitors the corrective actions taken by the USMS to improve the condition of its funds management controls, in response to the specific recommendations made in the component auditor's *Independent Auditors' Report on Internal Control* issued in connection with the audit of the USMS's financial statements as of and for the year ended September 30, 2008.
3. **Resolved.** This recommendation can be closed when subsequent annual financial statement audit testing confirms that the Department has assessed the adequacy and completeness of the Department's accounting and financial reporting policies in the areas of: (a) accounts payable; (b) grant advances and obligations; (c) obligations and disbursements; (d) seized and forfeited property; (e) financial accounting and reporting and related quality assurance processes; and (f) preparation, review, and approval of journal entries. Based on the results of this assessment, the Department should also determine the need to issue new guidance and/or reiterate to components the existing policies for those areas in which the components' auditors identified significant deficiencies related to the recording of transactions and the preparation of financial statements in accordance with generally accepted accounting principles. Finally, the Department should monitor the components' adherence to the Department's accounting and financial reporting policies and procedures throughout the year.
4. **Closed.** The status of corrective action related to this recommendation will be tracked through Recommendation No. 5 of the FY 2007 Annual Financial Statement Audit Report (OIG Report No. 08-01).
